1 workers and 44.8 trials are included in this analysis.

This the analysis for exp0. The parameters of all exps can be seen at https://github.com/Xinzhu-Fang/prosody_study_exp/blob/master/tAll_exps.csv.

The trial-by-trial design of this exp can be seen at https://github.com/Xinzhu-Fang/prosody_study_exp/blob/master/exp0/tAll_trials.csv

Some code are hidden for the convenience of viewing results. Full code can be found at https://github.com/Xinzhu-Fang/prosody_study_exp/blob/master/analysis/acoustic_analysis.Rmd
